M/B support Thin ITX

Color black

The Chieftec TIX-01B is a passively cooled, full-aluminum chassis based on the Thin mini ITX form factor. This chassis, with a height of just 37mm is extremely flat and is recommended to be operated only with the appropriate hardware. The case can be used as a desktop (flat feet included) or with the supplied VESA holder. The unique chassis is equipped with a power button at the front and two status LEDs for hard disk access and operating status. The CPU is passively cooled by an ingenious Heatsink system by dissipating the system-generated heat via the separate Aluminum fins on the outside cooling area (35W TDP).

Technical Data

Form factor:	Thin ITX
Dimension (DxWxH):	191mm x 308mm x 37mm
Weight:	2,6 kg (net)
Drive Bays external:	-
Drive Bays internal:	-
Power supply:	-
Front I/O:	-
Expansion Slots:	Set of screws, Rubber stands, Vesa mounting kit, heat pipe
Material:	Aluminum
Cooling:	-
CPU cooler height (max.):	passive
VGA card length (max.):	-
Warranty:	24 months

★ Passively cooled chassis

★ Passive CPU cooler and Heat Pipe included

★ Black full aluminium

★ Ultra slim design
