

- **4U rack server chassis**
- **Supports 360mm AIO water cooler**
- **Compatible with SSI-EEB motherboard**
- **Supports a ATX PSU or a mini-redundant PSU**

The **UNC-409S-AIO-OP** 4U rack server chassis is engineered to deliver robust performance and dependable reliability in demanding industrial environments. Constructed from 1.2 mm thick SGCC steel, it offers superior hardware protection and serves as a durable, long-term solution with flexible configuration options.

To enhance thermal efficiency, the chassis supports the installation of a 360 mm all-in-one (AIO) water cooler, enabling effective CPU heat dissipation. It accommodates various motherboard form factors, including SSI-EEB, allowing for high-performance configurations. It supports either a standard ATX PSU or a mini-redundant PSU, ensuring stable power delivery and system redundancy for mission-critical operations.

TECHNICAL DATA	
Model	UNC-409S-AIO-OP
EAN code	0753263079213
Color	Black
Material	1.2mm SGCC steel
Motherboard support	Mini ITX, M-ATX, ATX, E-ATX, SSI-CEB, SSI-EEB
Dimension (DxWxH)	480mm x 427mm x 176.8mm
Drive bay external	-
Drive bay internal	2x 3.5" and 2x 2.5"
Power supply	Optional Standard ATX PSU or 1+1 Redundant PSU (mounting kit not included)
Front I/O	2x USB 3.0
Scope of delivery	screw set, PCI-E guide x 7 pcs, PCI-E card holder
Expansion slots	7
Cooling (optional)	Front: 3 x 120mm fans / 240mm radiator / 360mm radiator Rear: 2x 80mm fans
CPU cooler height (max.)	70mm with 3.5" cage installed/ 130mm without 3.5" cage
VGA card length (max.)	450mm (if a AIO radiator is not installed)
Warranty	24 Months

Version: 07/2025
